Thanks Joy. I'm finalizing the 10 point settlement analysis to route with the CD, and wanted to run the EPA Response Activities At the Site past you. Would you mind taking a look at Section III and letting me know if everything is still accurate?

Thanks,

ap

Hi Kris --

In some of the documents from CDM Smith over the past years there are employee names in field notes, sampling plans, COCs, technical memos and reports.

Can you confirm that CDM Smith is not claiming employee names as confidential business information when they are written into various deliverables for EPA?

Thanks – Joy
